A service offering

A transformational offering

Unnecessary

8. What is a risk contributing to not establishing a peer support program?

More time to partner with consumers

Will save money

Consumers and families will be isolated from the world of “professionals”

9. What is one best practice model supporting culture shift and peer support roles in residential programs?

The Building Bridges Initiative

Adoption and Safe Families Act

A Congressional Charter

10. What are some factors that represent a transformative process vs. a service delivery in residential settings?

Works in silos of service provision

Includes “expert” driven interventions mostly

Includes a culture shift for an entire agency “change”

11. What are key roles of a peer support staff?

Initiate and maintain collaboration with community partners

Confrontational coaching

Review team meetings after they've been held

12. How is a youth peer support staff supported?

Letting them know which events and activities they may attend

Develop a range of supportive resources to assure ongoing engagement

Keeping peer support staff limited to only some programs

13. What are Peer support services?

Connecting

Supporting

Advocating

All of the above

14. What is a good workforce strategy?

Assume all new staff will embrace family-driven practices

Include Peer Support Partners in every interview with potential employees

Use current staff job descriptions for your peer support partners

15. What are some common mistakes or missed opportunities?

Use unpretentious language when engaging youth and families

Accept and acknowledge each families culture as they define it

Believing the change process is a fifty yard dash instead of a marathon
