Exhibitor Prospectus and Sponsorship Guide 2023

What is the focus of ACRC's Conference?

ACRC has been offering this annual conference for 67 years, always laser focused on best practices and clinical excellence in children's residential & community services.

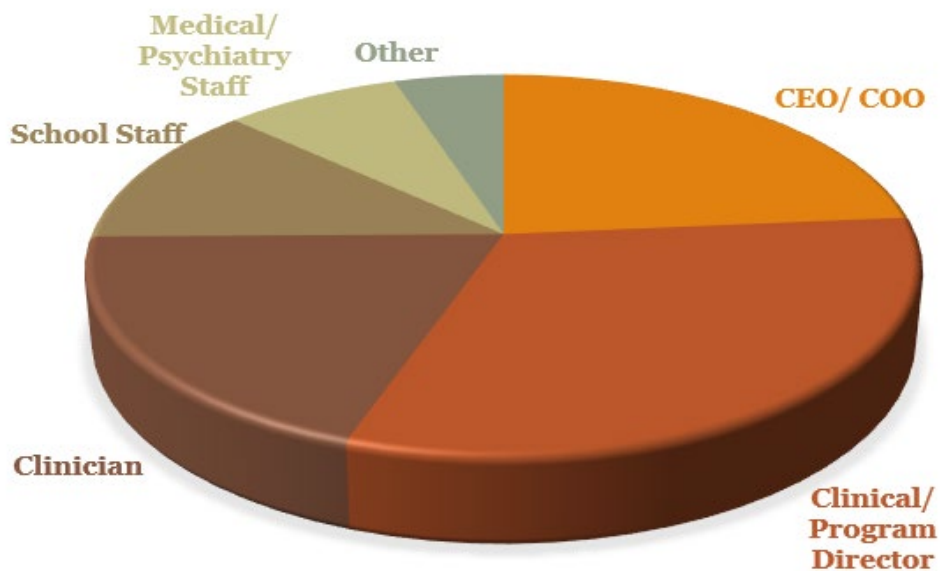

We expect our conference attendees will leave with increased knowledge and skills to continue serving children and families with complex mental health needs, providing the right intervention at the right time for each individual.

We also expose these leaders in the field to products and services which may support their day-to-day work through our diverse array of exhibitors, and we celebrate and strengthen the work of ACRC and its members through your generous sponsorships.

Come see for yourself what makes up this amazing network of providers, connected by the desire to do right by kids and families in communities across the US and across the world.
