- 11:00 AM **GUEST PANEL - Supporting Youth & Families with Unmet Complex Needs: A National Perspective**
Nationwide, children and youth are boarding in hospitals, languishing on waitlists, sitting in detention, and entering the child welfare system due to a lack of access to the right care at the right time. Leaders across the country are creating solutions to tackle the challenge. This virtual panel discussion provides a learning opportunity for lawmakers, agency leaders, service providers, advocates, parents, and other community partners in New York to learn from other state examples and get inspired for action and next steps. *This will be recorded and added to the convening landing page for future reference.*
